

## **THAILANDE: COLLABORATION BETWEEN THE RED PENCIL AND RADION INTERNATIONAL TO SUPPORT TEENAGERS**

During 10 days, 2 art therapists from The Red Pencil went along with RADION International to a home for teenagers in Chiang Mai, Thailand. They supported 17 children/teenagers (age range 11-17 years old) in expressing their trauma due to different kind of abuses.

RADION International is a not for profit organisation that is operated on Christian beliefs. It is currently the only non-governmental organization serving the Hmong community in the village of Khek Noi – the largest Hmong community in Thailand.

RADION International helps communities-in-need by dealing with root causes of socio- cultural problems, providing viable and sustainable alternatives, thus empowering them to break away from cycles of poverty and violence.
